

Quantum Kozmo

Powerchair

The Kozmo is a rear-wheel drive powerchair that offers outstanding manoeuvrability, with a super compact design and an impressive turning circle, making it the perfect choice for confined indoor spaces.

It's equally capable over flat, even outdoor surfaces like tarmac or a pathway at your local park. Packed with great features such as adjustable seating, it offers more flexibility than its sister Pride Go-Chair but is just as easy to dismantle for travel and storage.

Available in 6 vibrant colours

Quantum Kozmo: Impressive adjustability for a portable powerchair

Adjustable seating gives you much more flexibility to achieve the support you need compared to other basic indoor powerchairs. As well as a range of seat sizes, customisation options include centre-mounted footboard or swing-away legrests. The Synergy style seating also accepts a wide variety of after-market seats and backs for further customisation possibilities.
